

## Scan/US Report Sample Package

This PDF file contains samples of predesigned Scan/US reports you can run in the current Subscription edition.

These reports are directly available for you to run for any area you choose, either as profile, comparison, or benchmark reports on the Scan/US “Reports” menu, or from Scan/US Site Express (also on the “Reports” menu).

The report samples contained in this sample package are multiple, separate reports that are available for selection within the Scan/US Subscription Edition.

All these report pages have been combined into this single PDF file for your convenience to download and read them.

In other words, this big file is not just a single gigantic report that can be selected in the system.

Another thing to keep in mind: the first six reports that appear in this PDF sampler package (about the first 25 pages) require you to license one or more of the the two business summary data packages, or the Consumer Spending Potential subscription add-on package.

All remaining reports (and the equivalent 5-year projection reports) are available with the basic Standard Subscription.

To purchase a Scan/US license, please call 1-800-272-2687. Thank you.
